

# International Amateur Radio Union Region 1 Interim Meeting – Vienna Austria 27-28 April 2019

**Document number:** VIE19 C5-022

**Source:** OZ1FF, Kjeld Bülow Thomsen

**Subject:** report from the DX record coordinator

**Committee:** C5

During 2018 15 new records have been claimed and put on the DX Records List at <https://vushf.dk/iaru-reg-1-dx/>.

There has been some discussion about how to calculate the distance as different programs use different methods. The claimed records are recalculated using WGS-84 which all records on the list are based upon.
